PREMIERS MEET TO TAKE ACTION ON NEW MENACE

PARIS PAPER SAYS FORCE TOO SMALL TO DO ANY GOOD

Military Decision of First Importance Expected At Today's Meeting

(Associated Press Telegram) Paris, March 24.—A conference of the premiers was called today to be held at 3 o'clock this afternoon to arrange for the program of the supreme council session an hour later. The news from Hungary and Poland was expected to spur the heads of the governments to military decisions of the first importance.

The League of Nations commission will re-assemble at 8:30 o'clock this evening with the expectation of virtually concluding the draft of the league covenant.

The peace conference had been advised by entente agents of the critical situation in Hungary. Some street fighting in Budapest had been reported and while the lives of the entente nationals are said still to be safe it is urged that they need the protection which would be afforded by monitors proceeding up the Danube from Serbian ports.

PRECAUTIONS ARE TAKEN.

(Associated Press Telegram) Paris, March 24.—Premier Clemenceau had a long conference with Stephen Pichon, the foreign minister, yesterday on the Hungarian situation, which will come before the supreme council at 10 o'clock this morning, when immediate steps will be taken according to Marcel Hutin of the Echo de Paris. It is understood, for one thing, that General Haller's Polish divisions will be sent at once to Danzig and landed whether the Germans like it or not.

M. Hutin adds that certain precautions have already been taken in such an eventuality.

Two French divisions are at Budapest and several Serbian divisions are at Belgrade ready to take the field and it is believed that with the Rumanians they are capable of meeting the situation. Raymond Recouty, writing in the Figaro, states on the other hand, that the divisions in question are of unequal strength, the Rumanians being absolutely without equipment. Such forces as are scattered over hundreds of kilometers from Banat to Odessa, he says, are quite insufficient to cope with the threat which "everything shows is about to take definite shape."

ARMY AVIATOR TO BOMB CITY

Airplane Pilot Will Do Stunts Over City Tuesday Morning and Drop Rubber Balls From Machine.

Lieutenant Swan army aviator, flying in an army airplane from Fairfield, Dayton, will bombard Newark Tuesday morning with red, white and blue rubber balls, in connection with the War Savings stamps campaign, according to a special to the Advocate from the Ohio War Savings committee at Columbus this morning.

The aviator will arrive over Newark sometime during the morning and after the bombardment and exhibition, he will continue his flight to Zanesville without making a landing here.

In addition to the bombardment, the aviator will go through a repertoire of stunts in the air, showing what "Carle's" air stunts are learning in the various aviation schools established after this nation entered the war.

The committee was unable to say at what hour the aviator would appear here.

The flight is staged as an appeal to the people to remember their duty to the government in the purchase of War Savings Stamps during 1919.

GERMANY SENDS ENVOY TO PARLEY WITH LENINE

(Associated Press Telegram) Paris, March 24.—Count von Brockdorff-Rantzau, the German foreign minister, has sent Carl Kautsky, one of the under secretaries in the foreign ministry to Moscow to see the chiefs of the Soviet government and to furnish an accurate report on the situation which will allow the foreign minister to study the situation and bring about closer political and economic relations with the Russian Bolshevik government, says a Zurich dispatch to the Matin.

ITALIAN GENERAL EXONERATED FROM CAPORETTO DISASTER

Rome, Sunday, March 23.—General Rosso, who was in command of a part of the Italian line along the Isonzo river in October, 1918, when the German-Austrian attack was launched, has been acquitted by a court martial on a charge of having abandoned his position too soon before the enemy attack. This was the first trial arising

BLAME HUNS FOR ACTION TAKEN BY HUNGARIAN REDS

Delay of Peace Treaty Also Is Partly Responsible

EXPECT MILITARY DECISION WILL BE MADE AT PARIS

Press Dispatches Indicate Armed Conflict May Be Expected

The question of the barrier which the peace conference intends to erect against the spread of Bolshevism into the former central powers has come sharply to the front as a result of the situation in Hungary where Bolshevik elements have seized the power and declared that a state of war exists between Hungary and the entente powers.

Premiers of the allied states were called to meet in special session in Paris at 3 o'clock this afternoon and it was reported that important military decision might be taken at the meeting of the supreme council at 4 o'clock regarding the situation in Hungary and Poland. Premier Clemenceau and Foreign Minister Pichon had a long conference Sunday regarding Hungary and it is indicated by Paris newspapers that action looking to military movements was taken.

Paris newspaper writers see the situation as serious and as one calling for military action. They express the belief that Germany may be behind the movement for the purpose of defeating the work of the peace conference. Some commentators in London see the Hungarian situation as partly the result of the delay of the peace conference in bringing about a preliminary peace.

A report through Switzerland from Paris says that Karl Gustav, an independent socialist has been sent to Moscow by Count van Brockdorff-Rantzau, the German foreign minister to inquire into the question of closer relations between Germany and the Soviet government. It is reported to have occurred in Budapest but there is no reliable information regarding the entente troops which have been in Hungary for several months. The French divisions are at Budapest and Serbian and Rumanian troops are available for use in Hungary should their services be needed. The (Continued on Page 2, Col. 2)

RAILROADS MAY START SUBWAY

Attitude of Administration Is Changed By Action Taken By Companies.

Hope has been revived that the subway proposition may yet receive consideration from the railroad administration.

The new lease on life has been given by the information that the railroad administration has withdrawn circular number 44, which did not encourage any improvements except absolute necessities.

According to the information printed in Washington the withdrawal of the circular will permit the co-operation of the public utilities and the administration in making improvements. The local committee feels that with this obstacle withdrawn the department of labor may be successful in getting a favorable decision by the railroad administration.

OHIO BOWLERS USE ALLEYS IN TOURNNEY

(Associated Press Telegram)

Toledo, March 24.—Cleveland, Canton St. Paul bowlers will occupy the 16 alleys when another day of competition in the American Bowling Congress tournament is resumed at the Lucas county armory at 9 o'clock this morning. In the second round, which will be called at 10:45 a. m., Peoria, St. Paul and Des Moines will be represented. Among the St. Paul men on the second shift are Gilbertson, Muggley, Paschen, Miller and C. Tech, members of the Aquilas Cigare—the team that won the championship last year, but failed to repeat last night.

The third squad of the day has Des Moines, St. Paul, Cleveland, Pittsburgh and Peoria bowlers entered.

The competition in the two-men and individual events will end for the day at 7:25 p. m., according to the schedule.

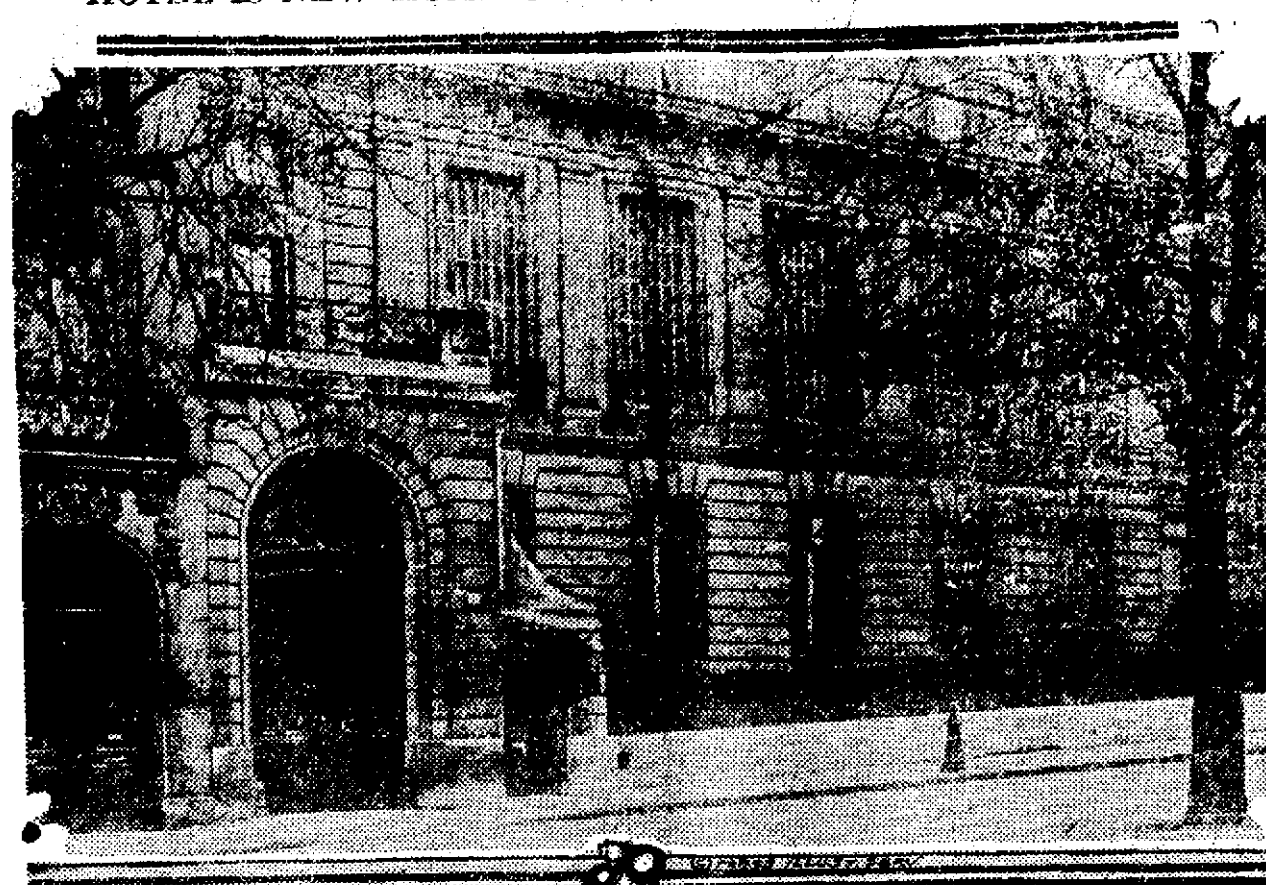

Tonight the alleys will be given over exclusively to Detroit bowlers. Thirty-two teams from that city will work on the two squads. Among them are said to be included Detroit's best bowlers. Officials of the A. B. C. announced last night that several bowling balls have been thrown out of the tournament to date because they did not meet the regulations.

High scores continue to feature the tournament. E. Hess of Chicago, was a new entrant in the all-event list yesterday when his nine games averaged 160.9. It gave him third place and displaced Harry Cavan of Pittsburgh, in that division.

NINE SHIPS LEAVE

(Associated Press Telegram) Berlin, Sunday, March 23.—The German merchant ships in the harbor of Bremen were still in port today but nine food ships left Hamburg during the day in compliance with the shipping agreement with the entente.

MORE OHIO UNITS REACH NEW YORK ON BIG LINERS

Greater Part of 37th O. N. G. Division Is Now Quarantined In Eastern Camps.

(Associated Press Telegram) New York, March 24.—Fourteen thousand six hundred troops of the American Expeditionary force, more than 3,400 of these convalescing from wounds and sickness, arrived here today from France on the cruise North Carolina and Montana and the steamships Matsonia, Manchuria and Antigon. For the most part the homecoming soldiers were of former national guard units of Colorado, Nevada, Utah, Arizona, New Mexico, California, Pennsylvania, Ohio and West Virginia.

More than 2400 troops of the 40th division, comprising former national guard units of California, Nevada, Utah, Colorado, Arizona and New Mexico arrived here today on the steamship Matsonia from Bordeaux. The arrivals comprise 53 officers and 1,518 men of the 160th infantry field and staff, machine gun battalion, headquarters company, supply company, medical detachments and companies A to I and K, L and M, for 15 companies throughout the country and four detachments of the 156th infantry, totaling 12 officers and 823 men for Camp Upton, Grant, Lewis and Sherman.

Also the Matsonia which brought home in all 3,328 troops were seven officers and 416 men comprising six detachments of the 26th engineers, for (Continued on Page 2, Col. 3)

PREPARE CAMP SHERMAN FOR FIRST UNITS OF 37TH DIVISION TROOPS

Camp Sherman, Chillicothe, March 24.—Three thousand and nineteen officers and men from the 37th division have been ordered to Camp Sherman for demobilization, according to information given out at the transportation office of the camp today. It is expected that orders for the arrival of more troops from the division will be received within a few days.

The soldiers are from the 37th division, the 145th infantry, the 150th infantry, the 147th infantry, the mail detachment of the division; the 112th sanitary train; 112th engineer train; 112th military police; 112th mobile ordnance company; 112th train headquarters. In addition to the overseas men of the 37th division, notice

has been received here that many other overseas soldiers will arrive shortly. Among these individual units is a detachment of two officers and 126 men from the 118th infantry of the 30th division.

No date has been announced for the arrival of the 37th division men, although officers of the camp are of the opinion that they will get here in about a week. Preparations for their reception are now being carried out, and by the time the overseas soldiers arrive all preparations will be complete.

First Lieutenant Raymond Rubush, and Second Lieutenants W. F. Hick, S. H. Moore, R. V. Nutt, E. A. Baker, Paul Morley and T. O. Harper were discharged from the service here today.

WASHINGTON IS CONCERNED OVER NEW RED MENACE

American Attitude Will Be Determined By President At His Paris Office.

(Associated Press Telegram) Washington, March 24.—Grave concern was evident today in official and diplomatic quarters here over the news of the seizure of government in Hungary by a Bolshevik regime which has inaugurated its advent by declaring a state of war with the entente powers and seeking an alliance with the Russian Bolsheviks.

No one in authority would attempt to forecast the result to discuss what measures might be adopted by the associated powers, chiefly because virtually all information received here has been in press dispatches and the state department so far as is without official advice on the subject. With President Wilson and Secretary Lansing in Paris, the attitude of the American government toward any measure that may be proposed will be determined and announced later.

Although the news from Hungary created a sensation it did not come altogether as a surprise. For some weeks unrest in Hungary has tended toward Bolshevism. This has not been entirely due to shortage of food. The problem of industry and raw materials to give employment to workmen has been of equal importance and other economic problems are involved.

One feature of the situation which is attracting much attention here is the plight of Rumania. Rumania survived one attack of Bolshevism. It was pointed out today whether she can weather a second attack is regarded a serious question.

With Hungary turned Bolshevik, Rumania will be two thirds surrounded and it is believed that the Bolsheviks will devote every effort to bringing her under control.

DECLARES SITUATION IS VERY SERIOUS

(Associated Press Telegram) Paris, March 24.—"The situation is as serious as that which arose when the congress of Vienna learned of Napoleon's return from Elba. Today as a hundred years ago, negotiators have provoked and have been provoked by the situation," writes St. Bryce in the Journal.

"The problem before the council of ten days is not the fate of the German cables or the Tschern commission but the imperative necessity of having Poland and Rumania rebuild the water tight compartment which has collapsed." He continues, "Otherwise Germany, declaring herself alone in a position to save western civilization will lay down her own peace terms instead of those the allies propose to dictate to her or will threaten to take the lead in the Bolshevik movement."

This extract from an editorial accurately reflects the views of the foreign editors of French newspapers. Some editors express reserve as to how far the movement is or is not inspired by Germany but they generally agree in placing the principal blame for the events on the proclamation of the Bolshevik conference, and insisting upon immediate steps to fight Bolshevism.

UKRAINIANS SEEK PEACE.

(Associated Press Telegram) Copenhagen, March 24.—A Czechoslovak army has been sent against Hungary, according to an official report received in Vienna and forwarded here.

Copenhagen, March 24.—T. G. Masaryk, the president of Czechoslovakia, has resigned, according to a report reaching here from Berlin.

(Associated Press Telegram) Berlin, Sunday, March 23.—A special dispatch to the Freiheit announces the disarmament of entente troops at Budapest. It is unconfirmed, however, and appears questionable.

(Associated Press Telegram) Copenhagen, March 24.—Reports of wireless exchanges between Nikolai Lenine, the Bolshevik premier of Russia and the foreign representative of the new Hungarian communistic government are received in advices from Budapest. Lenine was told that the Hungarian proletariat had seized power and had introduced a proletarian dictatorship. Greetings were sent to Lenine as "leader of the international proletariat." In greeting the Russian proletariat, the new Hungarian government expressed solidarity with the revolutionary movement.

In his reply Lenine stated that he had submitted the Hungarian greeting to the Bolshevik congress at Moscow which had received it with great enthusiasm. He added:

"In order to communicate between Moscow and Budapest and report on the military situation, it is necessary to maintain permanent wireless communication between the two cities."

He concluded by extending "communist greetings and a handshake."

BOHEMIA MAY FOLLOW EXAMPLE

(Associated Press Telegram) London, March 24.—The revolution in Hungary caused great excitement in Vienna but did not surprise those who were aware of the true condition of affairs, says the Vienna correspondent of the Telegraph. He says the communists of Hungary have long been the real masters of the country and have been only awaiting an opportunity to get rid of Count Karolyi, who is considered to have been never more than a figure-head.

The correspondent declares there are no elements in Hungary capable of making a stand against the extremists and that even the Czechslovak army, sent against the Bolsheviks, will be unable to reach here from that city. Business was, for the most part, suspended but the streets were animated and posters were displayed everywhere appealing to the people to continue work.

The food commissioner has issued a proclamation, saying:

"As a result of the manner in which the entente acted, we have allied ourselves to the Soviet republic and have placed ourselves under the protection of the Soviet troops. We have advised them of our decision by airplane."

The revolutionary government has appointed commissioners for Budapest, it is said. Officers of the municipality have tendered their resignations but have been asked to remain at their posts. Financial Commissioner Varga has notified bank directors that reliable bank employees would take up the direction of affairs.

SEEK HEIRS IN OHIO FOR MILLION DOLLAR ESTATE OF TEXAS OIL MAN

If you can possibly claim any relationship with the late Andrew J. Sutton, formerly of Ohio, but more recently of San Antonio, Texas, it will be to your advantage to do so at once.

Andrew J. Sutton was lost at sea last November when a merchant ship on which he was a passenger was sunk in European waters. He left a fortune estimated at \$1,000,000. There are no own relatives and an effort has been made to locate them among the different families of the state.

Inquiry among the Sutton families living in Licking county failed to develop any knowledge of the late A. J.

Sutton. Sutton was unmarried, was a globe trotter, and a good unit of property. For many years he lived in Mexico where he acquired vast holdings in Tampico oil fields. About five years ago he located at San Antonio, accompanied by his aged mother who was known as Mrs. Sutton or Mrs. Shavely. His mother died four years ago, and Sutton had no intimate friends.

As regard the Sutton holdings in Mexico it is thought that the Mexican government will lay claim to the property unless the heirs are found. As for the property held in the state of Texas it will go to the state unless a legal heir appears.

extremist element in Hungary is said to be in absolute control and probable in wireless communication with Premier Lenin at Moscow. In addition it has called on the workers of adjoining countries to rise against their governments. It is understood in Paris, according to one report that the three Polish divisions in France will be shipped at once to Danzig. The allied preparation to use Danzig as the port of embarkation for these troops is one of the main causes for the breaking off by Germany of negotiations with the allied commission in Poland. German newspapers have strongly denounced the proposal to give Poland the port of Danzig and a corridor to it.

The extremists are active in Vienna but the government still is in control. Reports from Czechoslovakia, where the Bolshevik movement is reported to be strong are meager.

Reports that the Russian Bolsheviks had large forces of troops in Galicia ready to advance into Hungary still lack confirmation from reliable sources. The Bolsheviks however are within 100 miles of the eastern frontier of Galicia but reports late last week were to the effect that the anti-Bolshevik Ukrainians were driving the Bolsheviks back in the region of the Pripiet marshes northeast of Lemberg, which the police were forced to give up to the Ukrainians.

ELKS TO TAKE IN CLASS TO FIFTY

Banquet Speeches and Music Will Mark Initiation of Large Class by Newark Lodge.

Tomorrow afternoon at 3 o'clock the local lodge of Elks will initiate a class of fifty one candidates the largest class since the lodge was instituted, March 22, 1898. This will make a total of 97 new members during the present lodge year and which comes to a close on April 1, when Mandel Brashier will succeed Harry D. Hale as exalted ruler.

The initiation will be followed by a turkey banquet at 6:30 o'clock, preparations having been made to care for 300 guests. An excellent program has been prepared with Jas. R. Cooper serving as toastmaster. The speakers will be Exalted Ruler Harry D. Hale, I. R. Fitzgibbon, Harvey C. Smith, secretary of state, Randolph W. Walton, attorney of Columbus, Attorney James M. Schaller, Attorney F. S. Scott, Hugo N. Schlesinger, prosecuting attorney of Franklin county and Major Charles W. Montgomery of this city.

Music during the evening will be furnished by the Harmony Girls of Columbus, Misses Marie Wright, baritone, Vivian Leonard, contralto; Vernon M. Maher, mezzo soprano, Olive Stanley, accompanist. Visiting Elks from a number of cities over the state will be in attendance.

Milady's Boudoir

Fear of Old Age.

Fear of old age with its wrinkles and other unlovely evidences of youth's departure is the busy man that trails at the heels of beauty, spurring her to fresh endeavor. Every woman knows that eventually the years will descend upon her head, but just how heavily they will strike depends upon her efforts to resist them.

After the age of 40 the soft tissues under the skin dissolve more rapidly than nature can renew them. Some times this process begins earlier. It depends upon the woman's constitution and the good care she has given herself. The first tell-tale sign is a tiny fold in front of the lobe of the ear. After that the throat is liable to crumple. Then the hands and arms begin to look wan and worn.

The average time lighter seldom considers the beauty of her arms. She will care for her hair, massage her complexion, manœuvre her shell pink finger nails, and hunger herself to a state of starvation for the sake of her figure. Her arms are forgotten, which is a pity, indeed, since these good members serve her well and are deserving of the best consideration. The following treatment for the arms is wonderfully effective and will positively prevent scrawiness and ugliness, coarse texture of the skin and the heavy surface of endermis that often forms on the elbows.

The first need is a cold cream and this formula is unexcelled. Spermaceti, 2 ounces; white wax, 2 ounces; and sweet almond oil, 10 ounces. Melt in a porcelain vessel which has been placed in a hot water bath. When the ingredients are thoroughly incorporated remove from the fire and add stronger rose water, 8 ounces and powdered borax, 40 grains. Stir to a foam with an egg-beater, pour into small jars just before the mixture becomes solid. Anoint with this cream, massaging it briskly and firmly into the skin of the arms.

Our Boys and Girls

If you are preparing a lavette for a brand new baby these are some of the things that you will need most. Four abdominal bands of soft flannel unhemmed, six or eight inches wide and 20 inches long. Four skirts of silk and wool or cotton or wool. Four flannel skirts made to hang from the shoulders, four nightgowns or outing flannel wrappers opened all of the way down the front.

Three knitted bands, wool and cotton, with shoulder straps; six very simple white slips, four dozen diaper cheese cloth, birdseye or stork diapering, which looks like very old soft Turkish toweling, or if you wish linen diapering, although many claim this is not as good as the others mentioned. Three pairs of socks for a summer or spring baby. The same number of long stockings for a winter baby.

One simple coat and cap or bonnet. Two short, loose caps, for sudden changes of temperature. Two crocheted or flannel blankets.

Every Day Etiquette

"What is the proper time for a bride to give her gifts to the girls who are to be her bridesmaids?" asked Grace. "Frequently the bride gives a luncheon or dinner for the girls who are to be her attendants. It is at this time that she gives them what she has selected for them. If no entertainment is given for them, the gifts may be sent in the young women's day before or on the morning of the wedding, the sender's visiting card being enclosed with each one," answered her aunt.

BALL LIVES BUT NINE COMPANIONS SUCCUMB

Private Eugene F. Ball, who sailed for home, March 17, was the only man out of 10 who was sent to the hospital at the same time to recover. He was in the hospital for two weeks, but during that time continued to write to his relatives here and did not tell them he was ill.

Private Ball notified his parents, Mr. and Mrs. Julian Ball, Saturday, that he would sail from St. Nazaire, March 17, and that he was due to arrive at Charleston, S. C., March 29.

He entrained May 27, 1918, for Camp Sherman, and was placed in the 334th regiment, headquarters company, signal platoon of the 8th division. He was sent to his company left Camp Sherman for Camp Mills, and on September 2 he left for France. Later, he was transferred to the 20th division.

On December 20 he was appointed adjutant to Captain Hargrove of the 138th regiment whom he will accompany to this country with the 30th division. With 84 others he will be sent to Camp Sherman to be discharged.

TRACE TRAVELING BAG STOLEN FROM HOTEL

A traveling salesman stopping at one of the local hotels missed his leather traveling bag when he returned Saturday night. He reported the matter to Police Chief Sheridan and the latter recommended that he had a man locked up a day or two before with a traveling bag answering the description. The fellow had left the city and the chief phoned to Columbus, Zanesville and Marietta and was informed Sunday by Zanesville officials that the fellow had been in that city Saturday night and had pawned a camera found in the stolen bag, which was worth \$100, to a saloon keeper. The owner, whose name is Clemm, is at Parkersburg, W. Va., but will require a couple of days to reclaim his property.

BUREAU GETS FUNDS.
(Associated Press Telegram)
Washington, March 24.—Financial stringency of the war risk insurance bureau was relieved today by a message from President Wilson to Secretary Glass saying the President had made an allotment from his emergency war fund to pay expenses of the bureau until congress appropriates at the next session. The amount allotted was not specified.

The body of George Findley, aged 39, who died Friday of pneumonia at his home in Toledo arrived here this afternoon and was taken in charge by T. A. Bazler and removed to the home of his cousin Mrs. Emma Darschman, 449 East Main street. The funeral will take place Tuesday afternoon at 2 o'clock and burial will be made in Maple Grove cemetery, Granville. The Findley family lived in this city six years ago. His wife survives.

James McKerney.
The body of James McKerney, who died Saturday, was taken to the home in Quaker City on Sunday morning at 9:30. Funeral services were held there today.

Robert Charles Taylor.
Robert Charles Taylor, 42, died at the home of his parents, Mr. and Mrs. J. M. Taylor on the Linwood road at 12:15 Sunday morning, after an illness of eight months of complication of diseases. He was born October 20, 1877, in Hancock county, West Virginia. He was removed to this county with his parents in 1883 and has since made this county his home. He was united in marriage July 18, 1914 to Miss Edith Grove of Johnston. To this union were born one daughter, aged two years.

Besides his wife and child he leaves his parents, one brother, Edgar, four sisters, Mrs. Carl Ritchey, Mrs. Dan Jones, Margaret and Clara of the home. The funeral will be held at the home at 2 p. m. Monday. Burial will be made in St. John's Lutheran cemetery.

Miss Anna Stapleton.
The funeral of Miss Anna Stapleton was held this morning at 9 o'clock in St. Francis de Sales church and burial took place in Mt. Calvary cemetery.

Charles Dale Vance.
Charles Dale Vance, son of Harry and Sophia Vance, was born March 15, 1906, and departed this life March 16, 1919, aged 13 years 11 months and 22 days. His death was a great shock to this community and in Newark where he had worked for the past two years. He was born in this village where he spent practically all his life. He was united with the church in Chatham, May 14, 1916, under the pastorate of Rev. Frank Gilliam. He was always faithful in his attendance at Sunday school and at the public services of the church. His life was one of good cheer. He was a true, loving, devoted son and brother. His friends were numbered among all that knew him by both old and young. But he is not forgotten. He leaves to mourn their loss a father, mother, two sisters, Mrs. Fred Neely of Johnston, and Mrs. James Tabler and two nieces and one nephew—one sister having preceded him to the spirit world. We may not know who death should come to take the dear one from our home, but though our eyes be dimmed with tears the Lord knows why. Let us trust in Him.

Card of Thanks.
We wish to thank our friends and neighbors for their kindness and sympathy shown us at the death of our son, Dale Vance; also, for the floral offerings, and Rev. Mr. Buell for his cordial welcome. Father, Mother and Sisters.

Card of Thanks.
We wish to thank our neighbors and friends who so kindly assisted us at the death of our dear wife and mother. Especially do we thank Rev. H. Duckworth for his comforting words and Criss Brothers for their courteous attention and the choir for their services. James Taylor and Children.

A POLITICAL MEASURE.

No more characteristic bit of legislation could emanate from the present Republican legislature than the Miller bill, requiring senate confirmation of appointments to the industrial commission. Rushed through, without hearings or the ordinary consideration given even to minor measures, it develops that this bill, unless vetoed by the governor, will repeal the workmen's compensation system of the state. In the bungling of the measure, which was put through solely for political purposes, the bill provides for the repeal of the original sections which it sought to have changed.

This is the work of a legislature that has been in session since the first of January and has accomplished nothing. The bill is aimed at J. D. Clark of Dayton, whose term expires in June, the Republican politicians hoping thereby to prevent Clark's confirmation and to gain control of the commission in the event of the election of a Republican governor two years hence. The far-fetched nature of the political play is evidence of the way the Republicans are playing the game these days and the necessity for Democratic alertness becomes more apparent.

The latest stand of the Progressive Republicans in the National House of Representatives to prevent the Mann-Cannon reactionary controlled committee from being confirmed by the party caucus makes good Democratic thunder. Progressive leaders are exposing the war records of the new committee heads, showing that practically every one of them took the partist side in some of the important war measures. The seniority rule, which they promised in the last campaign to abolish, put the reactionaries in the saddle and their grip is too firm for their more progressive members to break. The region of staidism in both house and senate will be absolute.

Under the caption, "The Declaration of 1919," the Nation Star, Senator Harding's newspaper, says: "The message had its messenger of defeat—the frame of sessions had thirty-nine. They passed the president to the peace conference." We grant that thirty-nine have been sent such a message to the conference but that the great message of 100,000,000 American citizens, which Woodrow Wilson carried with him to Paris, rather overshadows the obstructive methods of the thirty-nine.

Governor Cox is so sure that the Ohio soldiers landing in New York will be well received and entertained and that a place is provided where relatives and friends may meet the returning heroes. The governor has announced his intention of going to New York to meet the 35th division, "Ohio's own."

When a musical comedy has a dress rehearsal nowadays, it usually means that the performers begin to undress.

TRANSMISSION OF NEWS.

Scientists through abstruse calculations have advanced the theory that the earth is shrinking and have even estimated in inches the gradual lessening in superficial dimensions.

Regardless whether their conclusions are justified it is certain that for all practical purposes the world has grown immeasurably smaller in the last few decades and the principal agent in bringing distant places close to each other has been and is the short line seen in the columns of the Advocate "Associated Press Telegram."

These words are the embodiment in print of one of the greatest organizations of today, a mutual co-operative enterprise known as The Associated Press, membership more than eleven hundred strong covering the entire United States, and its correspondents and affiliated agencies spread over the habitable globe.

"By The Associated Press," has come to be regarded as the hall mark of truth, the sign manual of verity. The dispatch beneath it may bear a Paris or a London date; may read from Peking or Bombay, from New York or Hoopole, Ind., but with those words above it its truth is certain.

The ordinary method of transmission, the telegraph and the telephone—ordinary but none the less wonderful—in most cases have brought the news to the columns of The Advocate. Minutes have sufficed to carry the intelligence where once days and even months would have been required and so we neighbor with the other side of the globe.

In bringing the news to The Advocate no means of transportation is overlooked by The Associated Press, though the principal method employed is the telegraph wire. With the exception of the telegraph companies (which have no other business) there is not an organization in the world which has complete control of as many miles of telegraph lines as are under lease to The Associated Press. Its wire mileage exceeds 50,000 and the capacity for transmission of dispatches is augmented by the code system used, whereby one short word takes the place of almost a whole sentence. The telephone too has a great and growing share in the distribution of news by The Associated Press. Continuous talking circuits in operation for stated periods have replaced the telegraph in many instances and thousands of words daily are transmitted at a single reading to three, six or even more papers on a single telephone line.

Wireless telegraphy is employed where needed and when through the breaking down of the modern methods speedier means are not at hand more humble agents are employed. The dog sled in the north and canoes in the islands of the Pacific are not despised.

Men have waded waist deep in water and mud for miles to carry an Associated Press dispatch telling of storm disaster. Others with equal devotion to the service have struck to the telegraph key while flames raged around them. The dangers of the front line trench and the discomforts of march and bivouac have been shared by Associated Press men. No mine is too deep and no height too perilous to be sought in the service of The Associated Press. Its men are nameless. Their work appears only under the modest caption "Associated Press Telegram." But these words mean definite certainty and anywhere and everywhere will stand the acid test of truth. For years the Advocate has been a member of the Associated Press. There is no other Associated Press newspaper in Licking county.

VERY LITTLE SNOW.

And now our labors turn from snowing snow to mowing lawns.—Granville, O., Denisonian.

If the Denisonian students have no harder work this spring in trimming the lawns than they had in cleaning walks during the past season they will have plenty of time for study, athletics and the sex girls. We have had only two or three little snow flurries in Newark during the past season and it is fair to assume that the snow fall at Granville, six miles distant, was very little if any heavier.

REPRESENTATIVE GOVERNMENT.

From a report of the proceedings of a meeting in New York addressed by Senator Francis of Maryland. The Senator asked, "What better government do you want than that our fathers wrought?" When they there was a loud shout, "Socialism," which meant the utter destruction of our fathers' government and instituting Bolshevism in its place. And that is about what the attack on the government of the constitution means. It is going on all around us. The social is the other name for the attempt to destroy the representative character of the republic. Some would call it a vulgar names, but in the final analysis that is what it means. The father's constitution the true government and it should attract the devotion of all boys of the republic. Making it a good safe for democracy is making it safe for representative government.

"Well," says Hadda, "I'd sure be ashamed to tell it," she says. "Not that it surprises me none," she says. "fer you never stuck to nothing in all your horn days," says she. "but," she adds, "I'm sorry fer your pore maw," says she.

A Safe Place.
It is said there was not a single death at Sing Sing from influenza and so we think it would be only a wise precaution to render one's self eligible to residence there for the term of the next epidemic.

Election in 1920.
The war is won and gone is Bill. But somehow I can't understand, ah Why is it we must suffer still From all this Sherman propaganda.—I. G.

of the Duke of Connaught, then governor general of Canada, arrived in Halifax harbor Monday, and down the gangways marched just 39 of the more than 2500 men who had sailed away in the autumn of 1914. There were other men in the ranks of the famous regiment—it has taken a great deal of recruiting to keep them filled—but of the original unit of this first over-the-sea detachment of the Canadian expeditionary force, only 39 answered roll-call when they stepped on the home soil. Of the original officers of the regiment three remain. Fifteen severe engagements, together with exposure and disease, worked sad havoc in the ranks. During its four years at the front the "Princess Pats" had nine commanding officers. Two were killed in action. Eight given decorations for extraordinary bravery.

It is a glorious but sorrowful record. Twice the regiment was virtually wiped out. Twice all that was left of it was a handful of powder-stained men, its colors and its name. There have been few stronger emotions against the war than the decimated ranks of this regiment of Canada's young soldiery. There are few better arguments for a peace enforcing pact of the nations.

It is pleasant to observe that the "Pats" came down the gangways with a jaunty swing to the stirring music of their own pipes—a tribute to the dominant optimism of youth and to the soothing charm of home.

AMERICA'S IMMORTALS

YOU MAN Z. WEEKS.
Corporal, Company F, 118th Infantry.

Corp. Weeks was decorated for extraordinary heroism in action near Bellecourt, France, September 30 and October 8, 1918. Corp. Weeks, on the morning of September 30, when two enemy machine guns were making a part of the line untenable, advanced across open ground upon one of these guns, rushed the position alone, captured the gun and five of the enemy and shot down the sixth, who endeavored to escape. By this gallant act, Corp. Weeks prevented the enemy from enfilading our position and thereby saved the lives of many of his comrades. In a later advance while leading his men in an attack upon an enemy machine gun nest, Corp. Weeks was killed. His home was at Colleton, S. C.

Your Kitchen

The Greatest of all
Labor Savers—a

Hoosier Kitchen Cabinet

THE four walls of your kitchen need not hold you in solitary confinement. You need not be a slave to tasks within those walls. Some day you are going to break the bonds of kitchen drudgery. Some day you are going to stop wasting time, strength and health. Some day you are going to own a Hoosier.

If you are one of the majority, you have long wanted this scientific kitchen helper. But you have delayed ordering until a more "favorable time." You know that kitchen work, under present methods, is a thief that steals precious hours and personal energy. Could you end this waste at a time more "favorable" than today?

Pay But ONE DOLLAR Down

Come and select the Hoosier you like best. Actually test its many conveniences. Note its extra capacity—the experience of experts reflected in every detail. Then think of the effort you now waste!

Join the Hoosier Club. Pay one dollar. Within a few hours this automatic servant will be in your

own kitchen, ready to render its matchless service. Then pay the balance of Hoosier's moderate price in small amounts each week.

Common sense and good health demand shorter hours in the kitchen. And Hoosier will supply that need. So come and select YOUR Hoosier at once. Come today!

SCHOOL CHILDREN DIRECT ARTISTIC TALENTS ALONG USEFUL CHANNELS

FLOWER POTS PAINTED BY SCHOOL CHILDREN.

A large display of hand painted and hand decorated flower pots in the window of the Sperry-Harris furniture store this week has attracted much attention. The art is the work of the children of the sixth grade of the Hudson avenue school, under the direction of Miss McCoy, supervisor of art instruction in the public schools.

Through the generosity of friends of the school the pots and some of the oil colors in the work, were provided, there being no fund available from which

the purchases could be made. The pupils did all the work, following designs suggested by the instructor.

The pots were first given coats of white paint and then the designs in oil colors were painted and outlined. The whole is covered with a coat of varnish which makes them easily washed.

The pots are practical and artistic and the work has been done with commendable neatness, reflecting credit on the pupils and their instructors and teachers.

23124. Write the name and address of the soldier or sailor after whom the club is to be named. As organizer, place your name upon the first line and pledge yourself to buy at least one or not more than 200 War Savings Stamps. After making your own pledge if it is less than 100 stamps, obtain pledges from your friends so that the total pledges amount to 100 stamps (\$414). This done, send the papers to the local committee which will send one copy to the soldier with a letter. The organizer will receive a club charter for presentation to the soldier or sailor upon his return home. There should be a club formed in honor of every Licking county soldier and sailor.

Miss Smeck was the first Newark girl to be called in the student nurse reserve.

OHIO REGIMENT ON WAY HOME FROM ITALY

Chillicothe, March 24.—The 332nd infantry is on its way home from Italy. A telegram received Saturday by Mayor Walter S. Story, from his son, Captain Austin Story, of the 332nd, stated that the regiment sailed on the Italian ship D'Aosta, March 19.

The regiment is the only infantry regiment of the 83rd division that has not been demobilized, and is the only regiment that saw active service in Italy.

The three artillery regiments of the 83rd division are with the army of occupation.

WOMEN OF FARM BUREAU PERFECT HOME ORGANIZATION

At a meeting of the executive committee of the women of the farm bureau held at the office, the following officers were elected:

President, Mrs. Homer Price; vice president, Mrs. J. C. Fung; secretary, Mrs. A. E. Robinson.

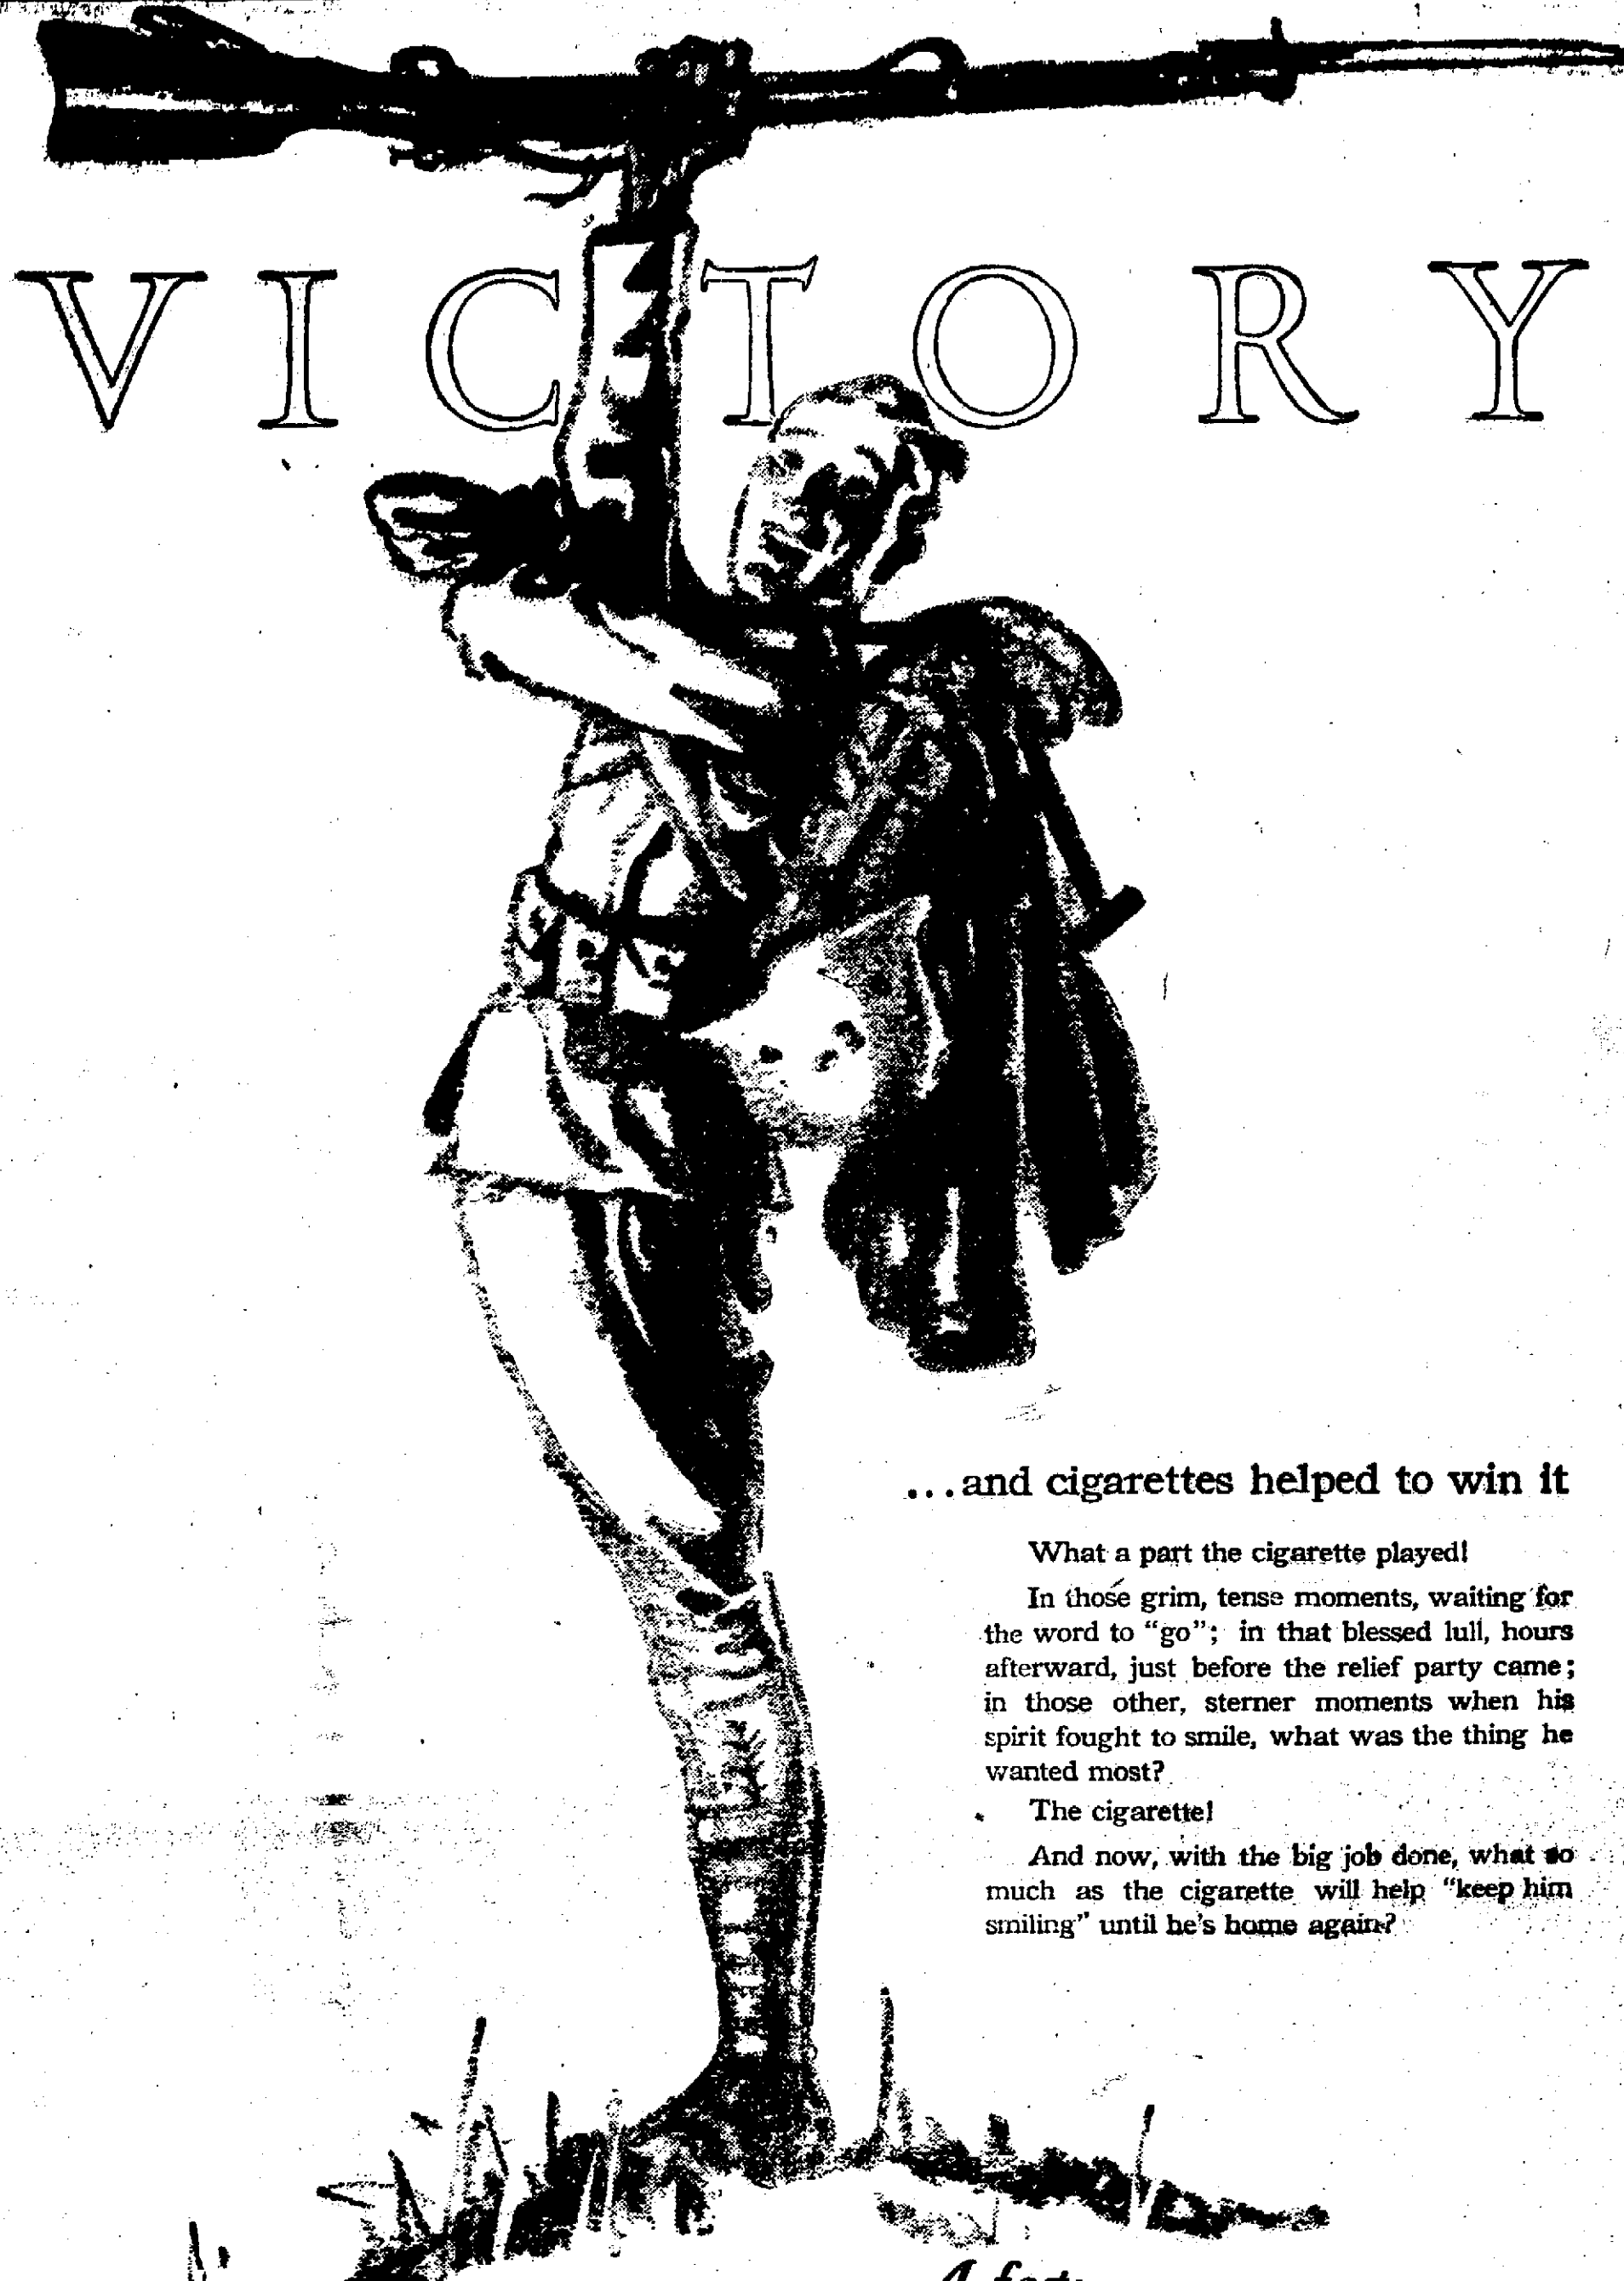

These officers were elected for this year, reelection to take place at the annual meeting in January.

The committee decided to name its department of the farm bureau "Home Department of the Farm Bureau."

Every woman is a member of the home department if her husband is a member of the farm bureau. No separate constitution or bylaws were drawn up, but those of the farm bureau were adopted. After a discussion of the kind of work to be followed this summer the meeting adjourned.

EAGLES CASUALTIES HEAVY.

...and cigarettes helped to win it

What a part the cigarette played!

In those grim, tense moments, waiting for the word to "go"; in that blessed lull, hours afterward, just before the relief party came; in those other, sterner moments when his spirit fought to smile, what was the thing he wanted most?

The cigarette!

And now, with the big job done, what so much as the cigarette will help "keep him smiling" until he's home again?

A fact:

Over 740 million Fatimas have so far been shipped to our soldiers abroad. And more are constantly on the way for the boys who still are over there.

Joseph A. Lyons, Inc.

FATIMA

A Sensible Cigarette

NOTE—Men who think and act at high tension appreciate a cigarette that leaves them feeling right. This quality, together with Fatima's pleasing taste, explains why Fatimas just seem to be the "right fit" for so many men.

OVER THE TOP FIVE TIMES, BUT FELL BY ILLNESS

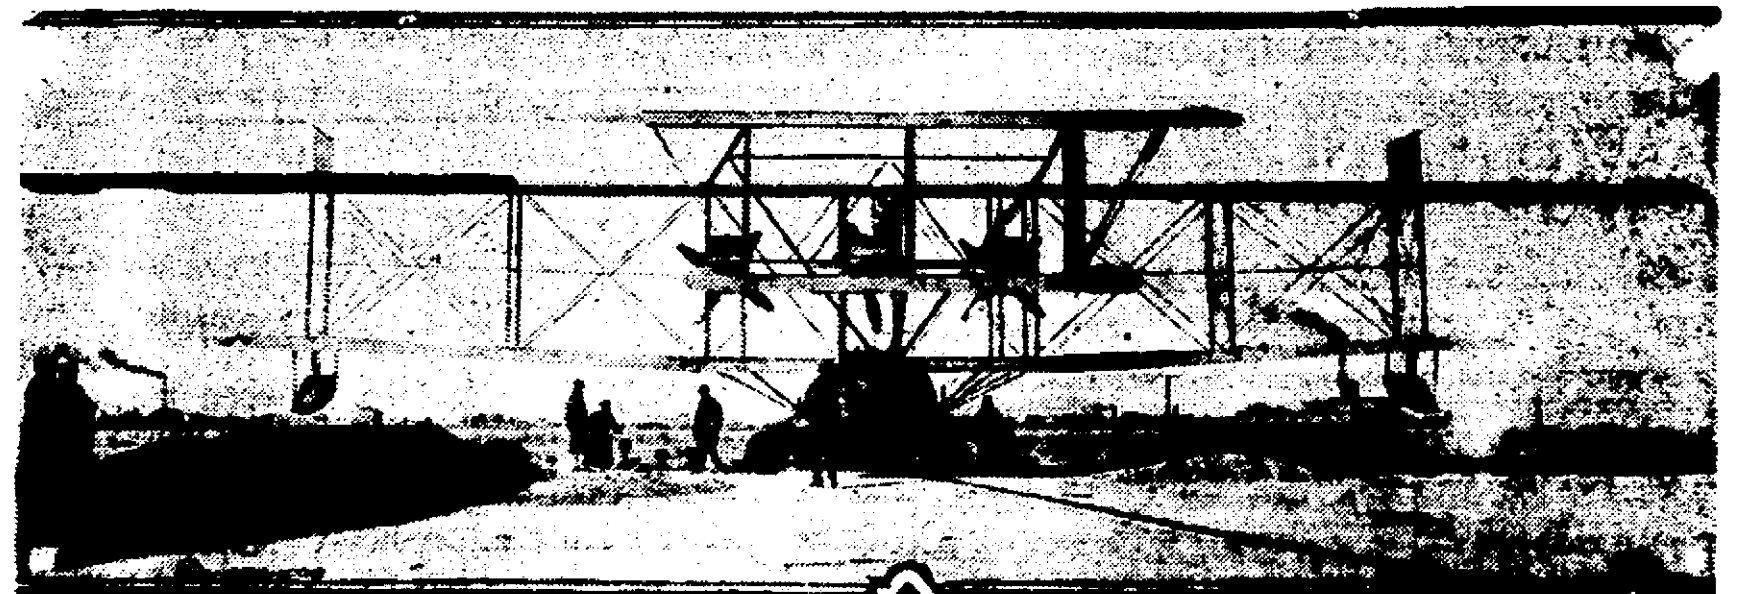

Mr. and Mrs. W. H. Cocanour, R. 1, No. 1, Newark, who received a cablegram from their son, W. H. Cocanour, Jr., sometime ago, announcing the death of his brother Joseph in France, are just in receipt of the following message from Major General George Barnett, Washington:

"Deeply regret to inform you message from abroad states Private Joseph Edgar Cocanour, Marine corps, died November 2 of lobar pneumonia. No particulars are available, but see general information mailed you today. Accept my heartfelt sympathy in your loss of one who nobly offered his life in the service of his country."

Mr. and Mrs. Cocanour a short time before receiving word of their son's death, received a letter from him in which he said in part:

"I received your letters the other day while at the front and the pictures you sent surely looked good to me. The best news over here is the talk of peace. I suppose it will be old by the time you receive this letter. We were in the front line here the last of September and went over the top the second evening. Next morning at daylight we went over the top again and drove old Fritz five miles over ground the French thought could never be taken. We had some hard fighting and ran into machine guns. We went over trenches and barbed wire that looked impossible but we went on and drove them out of the trenches. They had dugouts that ran way down under the ground and had things fixed up like they were going to stay there forever. We followed our barrage so close that we could see our snipers firing in front of us. Fritz sought refuge in the dugouts. We approached the dugouts and called for the men to come out. If they refused we would let them have a hand grenade or bomb that would bring them out. After we gained our objective we stop-

the wings is twelve feet. The plane will be propelled by at least three and probably four Liberty motors.

work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE R. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

You know how we are driving them and it takes men to do it." That was the last letter received from Joe Cocanour, 24 years old, son of Mr. and Mrs. W. H. Cocanour of East Newark. He was a popular Newark boy, brave and fearless. He went through the thick of heavy fighting unscratched only to fall later in an army hospital. He made the supreme sacrifice for his country.

THE MARKETS

developed after the first half hour. This was mainly due to the strength of copper which rose 1 to 2 points, on an unexpected demand by consumers at materially higher prices. Food shares, such as American Sugar and Wilson, also industrial alcohol and Royal Dutch oil was strong, but other oils, equipments and the entire steel division denoted further pressure, which relaxed partially at noon. Foreign exchange, especially Italian remittances, continued unsettled.

Chicago Grain Review.
Chicago, March 24.—Corn showed considerable weakness today, influenced by larger receipts and by fine weather that promised continuance of a more liberal movement. Opening prices, which ranged from 1c to 2 5/8c lower, with May 1-43 3/4 to 1-44 1-4 and July 1-43 to 1-43 3/4, were followed by rates which in some cases amounted to almost a complete recovery.
Oats were governed by the action of corn. After opening 3/8c to 7/8c down with May 66 7/8 to 67 1-8c, the market recovered a few points.
Lower quotations on hogs pulled down prices on provisions. Support was lacking.
Chicago Produce.

Wall Street.
New York, March 24.—Disturbing foreign rumors and tomorrow's holiday combined to effect considerable irregularity at the outset of today's stock market. This was most evident in shares which recently were the center of bullish speculative interests. U. S. Steel opened with a sale of 3,000 shares at 28 3/8 to 28 1/2 against last Saturday's maximum of 28 5/8. Later steel recorded a further reaction, oils, motors and equipments also yielded variably. Trading in rails was exceedingly light, marked firmness being shown by Reading.
Trading was cautious and moderate during the morning but a better tone

HAVE COLOR IN CHEEKS
Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—lazy, no-good feeling—you should take Olive Tablets.
Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.
Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.
They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

COUGHING SPELLS. BREAK YOUR REST

Put a stop to them with old reliable Dr. King's New Discovery

That raw, hoarse throat must be soothed. That phlegm-laden chest must be loosened. That cough must be checked so you can sleep.
Dr. King's New Discovery has been relieving colds, and coughs for half a century without the least disagreeable after-effects.
Your druggist has it because it is well-known and in big demand. 60c and \$1.20.

Try this for Constipation
Keep the bowels on schedule time with Dr. King's New Life Pills, the system free from poisonous wastes, the complexion clear, the stomach sweet, the tongue uncoated, the breath unaltered. Mild yet positive. 25c.

FOR SKIN TORTURE
Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo. It is obtained at any drug store for 50c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema, itching, worm and makes the skin clear and healthy. Zemo is a clean, penetrating antiseptic liquid, neither oily nor greasy and stains nothing. It is used as applied and costs a mere trifling amount of application. It is always effective.

DECLARES INDIA IS LOYAL IN WAR

Bishop Warne, Missionary in British Colony, Tells of Thousands Who Died For Empire.

"There has never been anywhere else such a situation in church history as now exists in India," said Bishop Francis W. Warne of India, in his address last night at the First Methodist church.
Bishop Warne came in connection with the work of the Methodist Missionary Society, which has as one of its objects securing men and money to advance the message of Christianity to the untamed masses throughout the world.
The bishop declared that the Methodist church, while baptizing 40,000 converts in India last year, was unable to baptize 200,000 more in that country because facilities to take care of them could not be provided. This was a startling revelation to those who believed the church in America was adequately presenting its message to the millions abroad.

Bishop Warne began his address by paying tribute to India's loyalty during the war. He declared that it has been second to that of no other country. He said, "In no other country—in proportion to population—have the forces of tradition been so small and have all classes, willing to make the sacrifice, joined the cause of the Allies. An army which became annihilated early in the war went to France and helped hold the Germans at bay while the allies were training and mobilizing the larger army. Then later when Turkey entered the war and Germany directed her to take first the Suez canal, the Juglar vein of the British empire, and an army from India was there before the Turks and saved the Suez canal, and Egypt, and later took Mesopotamia, the Baghdad railway, the Holy Land, and finally conquered Turkey. A large part of this army was Mohammedan and joined with the Christians, defeated their co-religionists, took Jerusalem from the Turks and made it over to the Christians."

Then turning to the religious phase of the situation, the bishop said: "In 1905 there began in India a great spiritual awakening, the way for which was prepared by much witnessing concerning Jesus Christ. His incarnation, His childhood, boyhood and the 18 years of showing His sympathy with the laboring millions by working as the village carpenter. This story touched the heart of India's millions. Then the witnessing concerning His baptism when the heavens opened and God spoke, saying, 'This is My Beloved Son, the witnessing concerning His temptation when in the power of the Holy Spirit He overcame the devil—a wonderful story in devil possessed India; the three years of marvelous ministry; His burial; His miracles of healing; the story of His love as manifested in His crucifixion; His resurrection; the forty days of His appearing unto many witnesses; His ascension and reigning in Heaven. In India great emphasis has been put upon the promise concerning the Holy Spirit and the Pentecostal experience which brought life into the early church and His intercession at the Right Hand and His promise to come again and receive His people unto Himself."

That is India's mass movement centered through all the years around the figure of our nation's savior. This movement has swept on gradually in force increasing and until in our church alone to say nothing of others we are having baptisms about 40,000 a year while holding back 200,000 on our waiting list. These great multitudes are looking back for lack of mission-aries and money to train and support Indian workers and this unprecedented situation furnishes one of the strongest reasons for the Centenary call for the consecration of the young life of our churches in Christian America and a call to the church for sufficient funds to meet this emergency.

COULD USE HIS HEAD, BUT—

Sam Would Have Had More Confidence Had He Been in Possession of Another Weapon.

There was once a very successful business man, whose two pet hobbies were system and everlasting trying to impress on his employees the importance of doing their own thinking. His motto was "Use Your Head," and he had the office and the factory placarded with the sentiment.

One day he hired a likely looking colored man as his office porter, Sam—that of course being his name—forthwith received the startling information that man is a thinking animal and he, Sam, must keep that in mind as much as possible.

About twenty minutes after Sam began work the boss, glancing out the office door toward the factory, noticed that a row had started among some of the factory hands and the whole bunch was trying to settle the argument in that peaceful and quiet way possible with plenty of good stiff stones.

"Now, Sam," said the boss, "I shall depend on you to break up that fight at once. The method to take must come from your own brain, but whatever you do, Sam, remember, 'Use your head.'"

"Yessah, yessah, it suhtingly does look like Ah'd have to use my haid, sah, but Ah—ah—shuah would feel a heap safah, boss, ef Ah had my razah, too."

NOW BACON HAS A RIVAL

French Professor Asserts That William Stanley, Earl of Derby, Really Was "Shakespeare."

To those who take argumentative pleasure in the conviction that Bacon wrote Shakespeare, the introduction of yet another candidate for that distinction must be rather annoying. William Stanley, sixth earl of Derby, is the latest "real Shakespeare," discovered and produced by Prof. Abel Le Frank, a French scholar, who claims that only an Englishman who had lived in France could have written "Love's Labor Lost," and that William Stanley was the only contemporary Englishman who fits the bill; also that there was an insinuation for the theater in the Stanley family, and that William is known to have written poetry. The argument seems to be about as complete as that of the person who found a passage in a letter from Sir Philip Sidney which mentions "Will, my Lord of Leicester's jester," and, not being able to find out just where Shakespeare was, and what he was doing at the time, decided that he was probably "my Lord of Leicester's jester" himself.—Christian Science Monitor.

Largest Tunnel in the World.

Notwithstanding the war, the largest tunnel in the world is well under course of construction in France, its object being to give Marseilles connection with Paris and the interior of the country in general by rail and water. The canal will provide ample waterway for barges. The new harbor and the cutting of a ship canal, actually tunneled through solid rock for five long miles, joining the old harbor and the Mediterranean to the River Rhone. The Rhone's upper stretches are placid and already are used extensively for barge navigation, but near Marseilles the stream is far too turbulent for commerce. A range of hills had prevented the construction of a canal in days gone by. Now, with France energized by the war and with the necessity for the canal emphasized thereby, the tunnel is being cut and the canal will soon be opened. The work was begun in 1911-12, and has been continued through the war. By this canal and links already available, barges can be sent from the Mediterranean to the English channel.

Cause of Oil Rashes.

Oil rashes in users of cutting lubricants and cooling liquids are found by the British department of scientific and industrial research to be generally due either to plugging of the small glands at the roots of the hairs of arms and legs, or to mechanical abrasion of the skin by suspended metal particles in the cutting oil. Suppuration or abscesses may result. Preventives are dusting the skin with starch and zinc oxide powder before touching the oil, abundant after-use of soap and hot water, sterilizing of oil by heating to 200 degrees Fahrenheit and frequent change to clean cutting oil.

Elephant to Have Shoes.

An interesting experiment was recently tried on in New York city on the Wolf Hoppers, hippopotamus elephant, Lena, says the Christian Science Monitor. A huge shoe, constructed of canvas leather or canvas, with steel plates of the same material, was tied on the elephant's feet. It is more extensive than any shoe ever put on the elephant's feet, and is a hope that they will keep Lena's feet from getting soiled and wet during the cold weather. Lena and her mate, Lena, are now being kept with these huge shoes.

SCENES FROM REVOLUTION SWEEP CAPITAL OF GERMANY

Republican guard, above, at left, and scene at riots during national election, above at right, and crowd watching Liebknecht funeral procession.

Photographs constantly arriving from Berlin show the confusion of moment and the high spot in the historic long period of the revolution. One of the recent pictures shows the Republican guard, above, at left, and scene at riots during national election, above at right, and crowd watching Liebknecht funeral procession.

Remember This.

One advertisement will not do the work, neither will two advertisements. It takes continuous advertising to bring home the bacon. That is the reason our large institutions are larger. They were small businesses a few years ago, but through continuous advertising they have grown to large institutions. Think this over.

STOPS MEDICINE--HEALTH RECOVERED BY INTERNAL BATHS

Mr. A. Czarniecki, 657 Montgomery St., San Francisco, Cal., writes Tyrrell's Hygienic Institute of New York as follows:
"I must admit that the use of the J. B. L. Cascade has cured my chronic constipation from which I suffered. Since May 12, 1913, I have never even tasted any kind of patent medicine or purgative. My health is excellent in every respect."
Over half a million bright, keen, intelligent Americans have found that Internal Bathing is more essential to their health than external baths. Have found that used occasionally at night they feel like different people the next morning. No more of that bilious, tired, nervous feeling, but having by Nature's own cleanser--antiseptic warm water--removed all the poisonous waste from the lower intestine, they awake thoroughly refreshed by normal sleep, with all their functions acting properly, clear headed, happy and confident, eager and capable for the duties of the day.
Why not learn more about this rapidly growing and natural practice? The "J. B. L. Cascade" is the invention of Chas. A. Tyrrell, M. D., of New York, a specialist on internal baths for 25 years, and is now being shown and explained by Hudson Avenue Pharmacy, R. L. Williams, proprietor, 222 Hudson Avenue, corner Oak Street, Newark, O., who will give you—free on request—an interesting booklet on the subject called "Why Man of Today Is Only 50% Efficient."

The "Y" five feels that it will win a 32 to 15 victory over the Kirkersville Community "Y" team, feels confident of success. The high school second team is placing it all on Bert Wilson, star forward, but he will have to travel some to defeat the combination of Dupler, Bishop and Greene, who will have their lineup strengthened by the addition of Ralph Stowell.

This will be the final game of the season for the undefeated "Y" five unless challenges pending with New Straitsville and Somerset result in games.

ARREST ALLIGANCE MEN FOR FOMENTING REVOLT

(ASSOCIATED PRESS TELEGRAM)
Alliance, March 24.—Four men, said to be Roumanians, are being held today by the police, charged with uttering seditious remarks at a meeting held here last night and which ended in a riot. The men who gave their names as Victor Blazy of Detroit, Dan Ginglen, Abraham Abram and John Crafton, all of Akron, are alleged by the police to have said: "Now is the time to start a revolution against capitalists."

Police say the audience there were addressing turned on them and voiced their anger, chased the speakers from the hall. The men fled to an interurban railroad station where they were arrested. They are to be arraigned late today.

JAPAN WILL NOT ANTAGONIZE U. S.

Rev. E. R. Bull Declares Yellow People Fear Loss of English Good Will and American Commerce.

Granville, March 24.—"Will there be a tremendous conflict between the white people of the earth and the yellow and brown?" was an interesting question discussed by Rev. E. R. Bull, Methodist Centenary speaker at Granville Methodist Episcopal church, Sunday evening. Rev. Bull has been for seven years a missionary in the Loo Choo Islands of Japan and is now in this country in connection with the great Centenary movement.

Rev. Bull expressed the view that it would be folly to say that at this time Japan contemplates war on the United States. This is shown by the fact that she has sent her "Invincibles" farther from America into Siberia, although Japan is not a Democracy she is big enough to see some of its advantages, and is therefore fighting with our boys at a cost of \$200,000,000 a month.

She may be in a better shape now than she has ever been to conduct war from the financial standpoint, but any such program would cost her the friendship of her ally, England, as well as America, her best commercial customer. However, it would not be to recognize that our immigration laws have aroused a certain enmity against us in the mind of the little brown man.

The centenary of the Methodist church believes that a late advertisement of the "Library Digest" headed "Learn About Our Brothers" must be every Christian's desire. The family has increased in size, we have taken in men of many races. If they are to be considered as worth helping, we must take a charitable attitude toward them. China has 400,000,000 people without a national spirit, without the spirit of sacrifice and without interest in governmental affairs, but she has commercial instincts which will lead when she awakes.

The Centenary is putting in 327 primary teachers in China because 85 per cent of her people are illiterate. Mr. Bull said that it may be a strange proposition to suggest that Japan must be made to appreciate the defects of German ideals. He added that he had lived in a town where 2,000 German prisoners were confined in a stockade and had seen these 2,000 German prisoners march out of his home city, keeping perfect step, going into the country for exercise under the feeble guard of two or three little Japanese soldiers. After taking this exercise they were returned through the village again, singing German songs which pleased every Japanese. Mr. Bull is of the opinion that there is no deep dislike of Germans.

Rev. Bull stated that morally and socially Japan is not ideal, but neither are we. Before she reaches a high place in her desire of ascent she will have to change things in her social life. The Germans have been the best instructors of the Japanese in music, medicine and military tactics. Again, her form of government is more like the German than any other, and it was half expected that Japan would go with the Germans. Why did she stay with the Allies? In Japan, said Rev. Bull, the 101,000 Christians in Japan, the numerous Christian schools, the presence of Japanese graduates of American colleges, the Japanese statesmen who have never seen America but have had their vision widened by the 1,000 Protestant missionaries in Japan.

The Centenary means to increase the number of Methodist missionaries in Japan, to erect new churches, own homes and to call new evangelists into the work.

Is Japan a menace to America? Mr. Bull states that it is a menace only in the sense that Europe is a menace. That is, in so far as she is non-Christian to the extent that she has no religious notions. To suggest to the League of Nations to that extent, she will fail as a member. It is in the power of America to Christianize this monster of the East. She may be a menace to our American, but the people of the Miami want another flood of the 50,000,000 people, only 1,500,000 are rich enough to pay the \$5 yearly tax that enables them to vote after they have attained their twenty-third birthday.

Throughout the Balkans, the people in Japan as they are elsewhere. Custom it is that they are great numbers of unhappy Russians stranded in the Mikado's land. It is hard to believe that some of them do not belong to the breed of Lenin and Trotsky.

The Japanese are an educated people but it is an education which they have. More Christian schools and better ones will be put in Japan. Centenary, on the other hand, has the large of Japan's 400,000,000 people to establishing more schools. Rev. Bull stated that he was of the opinion that more schools are needed than other nations.

MRS. JAS. ROBBINS FARMER'S WIFE MUCH IMPROVED

Her Husband Tells How Quickly Nerv-Worth Made Her Better.

This is one of those telling signed endorsements which are doing so much to add Nerv-Worth's name and fame throughout Ohio. It comes from one of the prominent farmers of the Troy community. Said Mr. Robbins at Troy's Nerv-Worth Drug Store a few days ago:

"My wife was nervous and restless at night. Had those nervous, jerky spells which are so trying on the system. She has taken two bottles of Nerv-Worth and can now go to bed and get a good night's rest. She also had stomach trouble and that has disappeared."

"JAMES D. ROBBINS, of Near Castown, Ohio."

Mrs. Robbins is 64 years old. Nerv-Worth steadies and strengthens the nerves, whets the appetite, aids digestion, adds flesh, rouses the liver, regulates the bowels, restores restless sleep, banishes sick and nervous headaches and other aches and pains, builds up rundown systems. If it does not do this for you your dollar back. T. J. Evans, sells Nerv-Worth in Newark. Neighboring druggists: Cigna drug store, Throck W. P. Ullman, Granville; C. S. Howard, Johnstown. 32426

GREAT MEDICINE

Made From Corn Silk—Excites Favorable Comment.

Kidney and Bladder Ailments Banished By Few Doses.

Corn Silk! the same "silk" you see protruding from the husk of corn, producing a fine medicine for kidney and bladder irregularities, when compounded with other simple drugs as in Dalmort Tablets.

Dalmort tablets contain a powerful extract of corn silk, which quickly relieves the inflammation and congestion that causes such distressing pains in back and hips, rheumatic twinges, nervousness, severe headaches, accompanied by frequent desire to urinate, followed by scalding, burning sensation. The patient is compelled to arise frequently to relieve painful pressure, even though a scanty flow follows. The eyes appear "bloodshot," the sleep is restless, and sometimes fever, followed by chills, cause great unrest. It is unwise to neglect such symptoms, when a few doses of Dalmort Tablets can be taken for relief. Allie T. Trench, 5627 Twenty-fourth street, Omaha, Neb., writes: "I have used one tube of your Dalmort Tablets and find that they are the best I have ever used for kidney and bladder trouble."

Ask any leading druggist for a tube of Dalmort Tablets. Price, \$1.00. Adv.

JUST THINK OF CADOMENE

When You Find You Are Losing Out in the Game of Life.

Worn-Out, Nervous Men and Weak, Bloodless, Anemic Women Have Found New Strength and Vigor in Taking Cadomene Tablets.

A well-known writer on physical culture says: "You cannot run a high-powered engine without fuel. You cannot get much out of a machine without steam. You cannot get up much steam without plenty of coal and a perfectly working furnace dandy. Similarly, in your own case, the internal 'works' must be sound and working properly. That fuel, that steam, that coal, that furnace, that dandy, are lacking. It means that your blood and nerves are impoverished. It means that slow but sure decline in your vitality will surely ensue and real sickness will overtake you, unless you begin yourself by overcoming the weakness of the organs responsible. This is not a warning to frighten. In reality it expresses logical facts. Cadomene Tablets, the favorite prescription of a great physician, are made and sold by druggists for people who need help for nature's forces, owing to ignorance, neglect or dissipation of one kind or another. Every package is guaranteed to please or send money back—Adv.

OHIO BRIEFS

Cambridge County Superintendent W. G. Wolfe has received word from State Superintendent E. B. Felt that the Ohio Washington high school has been advanced from third to second grade in the charter.

Zanesville An illness of over ten months from influenza and pneumonia, resulted in the death of Mrs. Scherish, aged 28, at the Bethesda hospital, Sunday morning.

Zanesville—Mrs. Jeannette Bunting, aged 78, was found dead in bed at the home of her daughter, Mrs. Albert Drumm, Sunday morning. Death was due to organic heart trouble.

Coshocton—A telegram from the Ohio war savings committee, Saturday morning, informed Chairman George Gray that a substitute airplane had been secured for the exhibition flight here and that it would probably arrive here March 26.

Coshocton Attempts to burglarize four Walnut street homes were partially successful Friday when burglars entered two homes, securing a little over \$8 in money from the two houses.

At Verona, Jason J. Davis, formerly of Mt. Vernon, died Saturday morning at the Akron City hospital of pneumonia, according to word received here by his sister, Mrs. C. J. Hubbard.

Columbus—Georgeana Marie, aged 7, died yesterday at the home of her parents, from influenza pneumonia.
